A LEGACY OF PERFORMANCE

With over five decades of crafting premium car audio products, Alpine’s legacy has not only stood the test of time; it’s been the standard of performance with each generation.

Using the best of what each decade had to offer in technology and design, Alpine stayed ahead of the curve and competition by achieving the ultimate in sound reproduction. This not only created systems like the Ultra High-Resolution AlpineF#1Status but inspired a new generation of High-Resolution sound and display products that bring music even closer to the original intention of the artist.

This legacy was hard fought and hard-won but continues to create and connect each new generation of music lovers through the power and prestige of Alpine Sound.

By challenging the standard of what was possible in sound reproduction, AlpineF#1Status was able to achieve recording studio-level sound in the challenging environment of the vehicle.

Digital studio recording continues to progress towards higher bit and sampling rates in order to capture the most music detail. While the convenience of low-resolution, highly-compressed music from streaming services is accepted as “good enough”, much of the original music detail is lost. High-Resolution audio was created to address the listener’s desire to enjoy music as the artist originally intended.

Conventional car audio speakers are made with materials and a structure suited to the specific frequency ranges they are designed to reproduce. However, the characteristics and tone of instruments and vocals differ from speaker to speaker when they are made from different materials. Alpine®'s Status unified these tones by using a single material called Carbon-Fiber Reinforced Plastics (CFRP) for all speakers in the system.

Traditionally, each digital signal device in the system is processed by an independent clock to control the signals and timing of each component. However, having several different independent clocks can cause signal misalignments, called "jitter", that occur during the Digital to Analog conversion process. This results in subtle distortions and, inevitably, the loss of musical detail.

Alpine developed the Master Clock Management System to virtually eliminate jitter by using a centralized, highly accurate “master clock” to completely synchronize the audio signal between the head unit and the audio processor. AlpineF#1Status is proud to be the first complete car audio system to achieve this high level of digital playback accuracy.

STATUS

Alpine Status

REDEFINING PREMIUM AUDIO

Alpine Status redefines the premium car audio experience with its class-leading Hi-Res Audio capabilities and unwavering commitment to quality construction and materials.

Alpine Status

HI-RES AUDIO MADE ACCESSIBLE

The Alpine Status system features many technologies, components and materials of the AlpineF#1Status system to achieve ultra high-precision music reproduction - at an affordable price tag. It is designed to play music tracks at 192kHz / 24bit format, which are widely accessible in many online stores and streaming platforms.

High-Res Audio playback of 192kHz / 24bit allows Alpine Status to create a heightened listening experience in the vehicle that emulates the feeling of an intimate recording studio session.

The Alpine Status system is also extremely flexible: all components can be purchased and used in “stand-alone” configuration.

HDS-990

Alpine Status Hi-Res Audio Head Unit

Hi-Res Audio Certified (192kHz / 24Bit) • Compact Controller with Separate Black Box for Flexible Installation • Alpine Classic Six-Button Controls • 6V PreOuts: 3 • Built-in Amplifier: 50W x 4 • USB Inputs: 3 • Analog Inputs: 2-Ch AUX-In, 4-Ch Hi-Level • Digital Inputs: USB Audio & Bluetooth • Analog Outputs: 4-Ch Hi-Level, 6-Ch RCA • Digital Outputs: Optical/Coaxial • Wired Audio Playback: AAC, AIFF, ALAC, APE, DSD, FLAC, LDAC, MP3, M4A, WMA, WAV • Wireless Audio Playback: AAC, aptX, aptX HD, LDAC, SBC

HDP-D90

Alpine Status 14Ch. Hi-Res Audio DSP Amplifier

Hi-Res Audio Certified (192kHz / 24Bit) • PC Tuning Application with Selectable Preloaded Sound System Configurations • Embedded RTA Signals for Sound Tuning • Bluetooth Audio Streaming with included External Module • 31 Band Parametric or Graphic EQ • Hi Pass / Low Pass Crossover per Channel • Matrix Input Summing • Sampling Rate = Internal: 192kHz / 32Bit • S/N: >110dB, THD+N: <0.01% • Inputs: 12-Ch Hi-Level, 2-Ch RCA, Optical (SPDIF), Coaxial (Digital) • Outputs: 10-Ch RCA Output / 12-Ch Hi-Level Amplified Outputs (50W x 8 @ 4Ω + 80W x 4 @ 4Ω)

RUX-C810

Alpine Status DSP Remote Controller

Remote Controller for Alpine Status HDP-D90 Hi-Res Digital Sound Processor / Amplifier (For stand-alone operation if used without HDS-990)

HDA-M80

Alpine Status 800W Mono Amplifier

High-efficiency Digital Circuit Design for Ultra-low Distortion Levels and Precise Sound Reproduction • Copper-plated Chassis • Black Circuit Board • Dimensions: 291mm (W) x 54mm (H) x 190mm (D) • Frequency Response: 8Hz - 400Hz • S/N Ratio: 83dB • RMS Power Output: 500W x 1 @ 4Ω • 800W x 1 @ 2Ω

HDA-V90

Alpine Status 5-Channel Amplifier

Hi-Res Audio Certified • High-efficiency Digital Circuit Design for Ultra-low Distortion Levels and Precise Sound Reproduction • Copper-plated Chassis • Black Circuit Board • Dimensions: 291mm (W) x 54mm (H) x 190mm (D) • Frequency Response: 8Hz - 60kHz • S/N Ratio: 87dB • RMS Power Output: 75W x 4 + 300W x 1 @ 4Ω • 100W x 4 + 500W x 1 @ 2Ω • Bridged Power: 200W x 2 @ 4Ω (Ch-1/2, Ch-3/4 only)

HDA-F60

Alpine Status 4-Channel Amplifier

Hi-Res Audio Certified • High-efficiency Digital Circuit Design for Ultra-low Distortion Levels and Precise Sound Reproduction • Copper-plated Chassis • Black Circuit Board • Dimensions: 291mm (W) x 54mm (H) x 190mm (D) • Frequency Response: 10Hz - 60kHz • S/N Ratio: 87dB • RMS Power Output: 100W x 4 @ 4Ω • 150W x 4 @ 2Ω • Bridged Power: 300W x 2 @ 4Ω

*Pictured:
HDS-990*

HDZ-653

Alpine Status 16,5cm 3-Way Component Speaker Set

Hi-Res Audio Certified (192kHz/24Bit with full Alpine Status system) • Carbon Composite Diaphragm Material • Alpine Proprietary Double-Gathered Edge Surround • 17cm Mid-Bass + 10cm Midrange + 7cm Ring-Radiator Tweeter • Frequency Response: 55Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

HDZ-65C

Alpine Status 16,5cm 2-Way Component Speaker Set

Hi-Res Audio Certified (192kHz/24Bit with full Alpine Status system) • Carbon Composite Diaphragm Material • Alpine Proprietary Double-Gathered Edge Surround • 17cm Mid-Bass + 7cm Ring-Radiator Tweeter • Frequency Response: 55Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

HDZ-65

Alpine Status 16,5cm Coaxial Speaker Set

Hi-Res Audio Certified (192kHz/24Bit with full Alpine Status system) • Carbon Composite Diaphragm Material • Alpine Proprietary Double-Gathered Edge Surround • 17cm Mid-Bass with 4,4cm Integrated Slim-Fit Tweeters • Frequency Response: 55Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

HDZ-653S

Alpine Status 16,5cm 3-Way Slim-Fit Component Speaker Set

Hi-Res Audio Certified (192kHz/24Bit with full Alpine Status system) • Carbon Composite Diaphragm Material • Alpine Proprietary Double-Gathered Edge Surround • 17cm Mid-Bass + 10cm Midrange + 4,4cm Slim-Fit Tweeter • Frequency Response: 55Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

HDZ-65CS

Alpine Status 16,5cm 2-Way Slim-Fit Component Speaker Set

Hi-Res Audio Certified (192kHz/24Bit with full Alpine Status system) • Carbon Composite Diaphragm Material • Alpine Proprietary Double-Gathered Edge Surround • 17cm Mid-Bass + 4,4cm Slim-Fit Tweeter • Frequency Response: 55Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

HDZ-110

Alpine Status 11" (28cm) Subwoofer

Baked Carbon Fiber Cone • Die-Cast Aluminum Frame • High-Performance Ferrite Magnet • Dual Progressive Spiders with Integrated Tinsel Leads • Double-Gathered Edge • Heavy-Gauge Screw-Type Cable Terminals • External woofer diameter: 290mm • Mounting Depth: 196mm • Cut-Out Diameter: 251mm • Frequency Response: 25Hz-300Hz • Sensitivity: 84dB • Nominal Impedance: 2Ω+2Ω • Power Handling: 400W RMS / 1200W Peak

R-SERIES

LEGENDARY SOUND

When legendary sound performance meets Hi-Res audio excellence, you'll find the reimagined Alpine R-Series line, celebrated for its unmatched loudness and powerful bass capabilities.

R2-A150M

R-Series 1500W Mono Amplifier

Alpine's Class D Amplifier Circuit • One-Sided Terminal Layout • Top Panel Sound Controls • Integrated Mounting Feet • Dimensions: 341mm (W) x 65mm (H) x 185mm (D) • Frequency Response: 10Hz - 400Hz • S/N Ratio: >75dB • RMS Power Output: 700W x 1 @ 4Ω • 1200W x 1 @ 2Ω • 1500W x 1 @ 1Ω

R2-A75M

R-Series 750W Mono Amplifier

Alpine's Class D Amplifier Circuit • One-Sided Terminal Layout • Top Panel Sound Controls • Integrated Mounting Feet • 15% Smaller Footprint than Previous Model (R-A75M) • Dimensions: 282mm (W) x 55mm (H) x 165mm (D) • Frequency Response: 10Hz - 400Hz • S/N Ratio: >75dB • RMS Power Output: 500W x 1 @ 4Ω • 750W x 1 @ 2Ω

R2-A60F

R-Series 4-Channel Amplifier

Hi-Res Audio Certified • Alpine's Class D Amplifier Circuit • One-Sided Terminal Layout • Top Panel Sound Controls • Integrated Mounting Feet • 15% Smaller Footprint than Previous Model (R-A60F) • Dimensions: 282mm (W) x 55mm (H) x 165mm (D) • Frequency Response: 10Hz - 45kHz • S/N Ratio: >80dB • RMS Power Output: 100W x 4 @ 4Ω • 150W x 4 @ 2Ω • Bridged Power: 300W x 2 @ 4Ω

R-A90S

R-Series 6/5/3-Channel Amplifier

Hi-Res Audio Certified • Alpine's Class D Amplifier Circuit • Staggered Power Channel Layout • Dimensions: 273mm (W) x 51mm (H) x 324mm (D) • Frequency Response: 10Hz - 45kHz • S/N Ratio: >85dB • RMS Power Output: 75W x 4 @ 4Ω • 150W x 2 @ 4Ω • 100W x 4 @ 2Ω • 250W x 2 @ 2Ω • Bridged Power: 200W x 2 @ 4Ω • 500W x 1 @ 4Ω

R2-S653

R-Series Pro 16,5cm 3-Way Component Speaker Set

Hi-Res Audio Certified • Glass Fiber Reinforced Cone • Die-Cast Aluminum Basket • Ferrite Magnet Structure • High-Amplitude Multi-Roll (H.A.M.R.) Surround • Premium-Grade Full Passive Performance Crossover Networks • Magnesium Hard-Dome Tweeters with Swivel Mount Design and Threaded Removable Housing • Protective Mesh Grilles Included • 16,5cm Mid-Bass + 9,6cm Midrange + 4,3cm Tweeter • Frequency Response: 65Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

R2-S652

R-Series Pro 16,5cm 2-Way Component Speaker Set

Hi-Res Audio Certified • Glass Fiber Reinforced Cone • Die-Cast Aluminum Basket • Ferrite Magnet Structure • High-Amplitude Multi-Roll (H.A.M.R.) Surround • Premium-Grade Full Passive Performance Crossover Networks • Magnesium Hard-Dome Tweeters with Swivel Mount Design and Threaded Removable Housing • Protective Mesh Grilles Included • 16,5cm Mid-Bass + 4,3cm Tweeter • Frequency Response: 65Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

R2-S69C

R-Series 16 x 24cm Component Speaker Set

Hi-Res Audio Certified • Glass Fiber Reinforced Cone • Ferrite Magnet Structure • High-Amplitude Multi-Roll (H.A.M.R.) Surround • Magnesium Hard-Dome Tweeters with Swivel Mount Design and Threaded Removable Housing • Protective Mesh Grilles Included • 6x9" (16 x 24cm) Mid-Bass + 4,3cm Tweeter • Frequency Response: 60Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

R2-S65C

R-Series 16,5cm Component Speaker Set

Hi-Res Audio Certified • Glass Fiber Reinforced Cone • Ferrite Magnet Structure • High-Amplitude Multi-Roll (H.A.M.R.) Surround • Magnesium Hard-Dome Tweeters with Swivel Mount Design and Threaded Removable Housing • Protective Mesh Grilles Included • 16,5cm Mid-Bass + 4,3cm Tweeter • Frequency Response: 65Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

R2-S69

R-Series 16 x 24cm Coaxial Speaker Set

Hi-Res Audio Certified • Glass Fiber Reinforced Cone • Ferrite Magnet Structure • High-Amplitude Multi-Roll (H.A.M.R.) Surround • Magnesium Hard-Dome Tweeters with Swivel Mount Design and Threaded Removable Housing • Protective Mesh Grilles Included • 6x9" (16 x 24cm) Mid-Bass + 4,3cm Tweeter (Coaxial) • Frequency Response: 60Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

R2-S65

R-Series 16,5cm Coaxial Speaker Set

Hi-Res Audio Certified • Glass Fiber Reinforced Cone • Ferrite Magnet Structure • High-Amplitude Multi-Roll (H.A.M.R.) Surround • Magnesium Hard-Dome Tweeters with Swivel Mount Design and Threaded Removable Housing • Protective Mesh Grilles Included • 16,5cm Mid-Bass + 4,3cm Tweeter (Coaxial) • Frequency Response: 65Hz - 40kHz • Sensitivity: 88dB • Power Handling: 100W RMS / 300W Peak

Pictured:
R2-W12D4

R2-W12D4 / D2

R-Series 12" (30cm) Subwoofer

Kevlar Reinforced Pulp Cone • Polypropylene / Ceramic Composite Dust Cap • Larger, Double-stacked Magnets for More Powerful Bass Output • High-Amplitude Multi-Roll (H.A.M.R.) Surround for High Excursion • Mounting Depth: 164mm • X-Max: 20mm • Voice Coil: 65mm • Frequency Response: 24Hz-200Hz • Sensitivity: 84.6dB/85dB • Nominal Impedance: 4Ω + 4Ω for R2-W12D4 / 2Ω + 2Ω for R2-W12D2 • Power Handling: 750W RMS / 2250W Peak

R2-W10D4 / D2

R-Series 10" (25cm) Subwoofer

Kevlar Reinforced Pulp Cone • Polypropylene / Ceramic Composite Dust Cap • Larger, Double-stacked Magnets for More Powerful Bass Output • High-Amplitude Multi-Roll (H.A.M.R.) Surround for High Excursion • Mounting Depth: 151mm • X-Max: 20mm • Voice Coil: 65mm • Frequency Response: 26Hz-200Hz • Sensitivity: 82.8dB/82.3dB • Nominal Impedance: 4Ω + 4Ω for R2-W10D4 / 2Ω + 2Ω for R2-W10D2 • Power Handling: 750W RMS / 2250W Peak

R2-W8D4 / D2

R-Series 8" (20cm) Subwoofer

Kevlar Reinforced Pulp Cone • Polypropylene / Ceramic Composite Dust Cap • Larger, Double-stacked Magnets for More Powerful Bass Output • High-Amplitude Multi-Roll (H.A.M.R.) Surround for High Excursion • Mounting Depth: 116mm • X-Max: 12mm • Voice Coil: 40mm • Frequency Response: 30Hz-200Hz • Sensitivity: 83.7dB/83.6dB • Nominal Impedance: 4Ω + 4Ω for R2-W10D4 or / 2Ω + 2Ω for R2-W10D2 • Power Handling: 350W RMS / 1000W Peak

RS-W10D4 / D2

NEW

R-Series 10" (25cm) Shallow Subwoofer

High-Performance Shallow Bass Driver • Alpine Gen2 DD Linear Magnetic Circuit • Cast Aluminum Frame • Aluminum Dust Cap • Neodymium Magnet • Mounting Depth: 81mm • X-Max: 20mm • Voice Coil: 100mm • Frequency Response 25Hz-100Hz • Sensitivity: 78dB/79dB • Nominal Impedance: 4Ω + 4Ω for RS-W10D4 / 2Ω + 2Ω for RS-W10D2 • Power Handling: 600W RMS / 1800W Peak • Compatible with KTE-RS10G Subwoofer Grille Kit (Sold Separately)

NEW

KTE-12G.3 / KTE-10G.3 / KTE-8G.3

S-/R-Series Subwoofer Grilles

Available in 12" (KTE-12G.3), 10" (KTE-10G.3), and 8" (KTE-8G.3)

NEW

KTE-RS10G

R-Series 10" Shallow Subwoofer Grille

Protects your RS-W10D4 / D2 R-Series Shallow Subwoofer cone against damage

S-SERIES

REDISCOVER YOUR MUSIC

Rediscover your music with the Alpine S-Series, a line of exceptional audio products designed to deliver an audiophile-grade sound experience without the premium price tag.

S2-A120M

S-Series 1200W Mono Amplifier

Alpine's Class D Amplifier Circuit • Built-in Selectable / Adjustable Crossovers • Dimensions: 352mm (W) x 57mm (H) x 210mm (D) • Frequency Response: 10Hz - 400Hz • S/N Ratio: >85dB • RMS Power Output: 600W x 1 @ 4Ω • 1200W x 1 @ 2Ω • 1200W x 1 @ 1Ω

S2-A60M

S-Series 600W Mono Amplifier

Alpine's Class D Amplifier Circuit • Built-in Selectable / Adjustable Crossovers • Dimensions: 220mm (W) x 57mm (H) x 210mm (D) • Frequency Response: 10Hz - 400Hz • S/N Ratio: >85dB • RMS Power Output: 330W x 1 @ 4Ω • 600W x 1 @ 2Ω • 600W x 1 @ 1Ω

S2-A55V

S-Series 5-Channel Amplifier

Hi-Res Audio Certified • Alpine's Class D Amplifier Circuit • Built-in Selectable / Adjustable Crossovers • Dimensions: 302mm (W) x 57mm (H) x 210mm (D) • Frequency Response: 10Hz - 40kHz • S/N Ratio: >83dB • RMS Power Output: 40W x 4 + 200W x 1 @ 4Ω • 60W x 4 + 300W x 1 @ 2Ω • Bridged Power: 120W x 2 @ 4Ω

S2-A36F

S-Series 4-Channel Amplifier

Hi-Res Audio Certified • Alpine's Class D Amplifier Circuit • Built-in Selectable / Adjustable Crossovers • Dimensions: 220mm (W) x 57mm (H) x 210mm (D) • Frequency Response: 10Hz - 40kHz • S/N Ratio: >83dB • RMS Power Output: 60W x 4 @ 4Ω • 90W x 4 @ 2Ω • Bridged Power: 180W x 2 @ 4Ω

*Pictured:
S2-A120M*

Pictured: S2-S69C with KTE-S69G Grille

S2-S69C

S-Series 16 x 24cm Component Speaker Set

Hi-Res Audio Certified • Polypropylene + Glass Fiber + Mica Cone Material • OEM Fitment with In-Line Crossovers • 6x9" (16 x 24cm) Mid-Bass + 7,9cm Midrange with 2,5cm dome Tweeter (Coaxial) • Frequency Response: 65Hz - 40kHz • Sensitivity: 90dB • Power Handling: 85W RMS / 260W Peak • Compatible with KTE-S69G Speaker Grille (Sold Separately)

S2-S80C

S-Series 20cm Component Speaker

Hi-Res Audio Certified • Polypropylene + Glass Fiber + Mica Cone Material • OEM Fitment with In-Line Crossovers • 20cm Mid-Bass + 2,5cm dome Tweeter • Frequency Response: 50Hz - 40kHz • Sensitivity: 90dB • Power Handling: 85W RMS / 260W Peak

S2-S65C

S-Series 16,5cm Component Speaker Set

Hi-Res Audio Certified • Polypropylene + Glass Fiber + Mica Cone Material • OEM Fitment with In-Line Crossovers • 16,5cm Mid-Bass + 2,5cm dome Tweeter • Frequency Response: 70Hz - 40kHz • Sensitivity: 88dB • Power Handling: 80W RMS / 240W Peak • Compatible with KTE-S65G Speaker Grille (Sold Separately)

S2-S40C

S-Series 10cm Component Speaker Set

Hi-Res Audio Certified • Polypropylene + Glass Fiber + Mica Cone Material • OEM Fitment with In-Line Crossovers • 10cm Mid-Bass + 2,5cm dome Tweeter • Frequency Response: 97Hz - 40kHz • Sensitivity: 86dB • Power Handling: 45W RMS / 140W Peak

S2-S69

S-Series 16 x 24cm Coaxial Speaker Set

Hi-Res Audio Certified • Polypropylene + Glass Fiber + Mica Cone Material • 6x9" (16 x 24cm) Mid-Bass + 2,5cm dome Tweeter (Coaxial) • Frequency Response: 85Hz - 40kHz • Sensitivity: 90dB • Power Handling: 85W RMS / 260W Peak • Compatible with KTE-S69G Speaker Grille (Sold Separately)

S2-S68

S-Series 15 x 20cm Coaxial Speaker Set

Hi-Res Audio Certified • Polypropylene + Glass Fiber + Mica Cone Material • 6x8" (15 x 20cm) Mid-Bass + 2,5cm dome Tweeter (Coaxial) • Frequency Response: 73Hz - 40kHz • Sensitivity: 88dB • Power Handling: 75W RMS / 230W Peak

S2-S65

S-Series 16,5cm Coaxial Speaker Set

Hi-Res Audio Certified • Polypropylene + Glass Fiber + Mica Cone Material • 16,5cm Mid-Bass + 2,5cm dome Tweeter (Coaxial) • Frequency Response: 70Hz - 40kHz • Sensitivity: 88dB • Power Handling: 80W RMS / 240W Peak • Compatible with KTE-S65G Speaker Grille (Sold Separately)

S2-S50

S-Series 13cm Coaxial Speaker Set

Hi-Res Audio Certified • Polypropylene + Glass Fiber + Mica Cone Material • 13cm Mid-Bass + 2cm dome Tweeter (Coaxial) • Frequency Response: 80Hz - 40kHz • Sensitivity: 87dB • Power Handling: 55W RMS / 170W Peak

S2-S40

S-Series 10cm Coaxial Speaker Set

Hi-Res Audio Certified • Polypropylene + Glass Fiber + Mica Cone Material • 10cm Mid-Bass + 2cm dome Tweeter (Coaxial) • Frequency Response: 97Hz - 40kHz • Sensitivity: 86dB • Power Handling: 45W RMS / 140W Peak

KTE-S69G / -S65G

S-Series Speaker Grilles

Available in 16 x 24cm / 6x9" (KTE-S69G - shown in image) & 16,5cm (KTE-S65G)

S2-W12D4 / D2

S-Series 12" (30cm) Subwoofer

Carbon Fiber / Polypropylene Cone for Lightweight Construction with High Output and Low Distortion • Dual Voice Coil Subwoofers with Configuration Jumpers • Enhanced "Punch" and Accurate Bass • High-Grade Strontium Ferrite Magnets • High-Amplitude Multi-Roll (H.A.M.R.) Surround for High Excursion • Mounting Depth: 125mm • Frequency Response: 23Hz-215Hz • Sensitivity: 86dB • Nominal Impedance: 4Ω + 4Ω for S2-W12D4 / 2Ω + 2Ω for S2-W12D2 • Power Handling: 600W RMS / 1800W Peak

KTE-12G.3 / KTE-10G.3 / KTE-8G.3

S-/R-Series Subwoofer Grilles

Available in 12" (KTE-12G.3), 10" (KTE-10G.3), and 8" (KTE-8G.3)

S2-W10D4 / D2

S-Series 10" (25cm) Subwoofer

Carbon Fiber / Polypropylene Cone for Lightweight Construction with High Output and Low Distortion • Dual Voice Coil Subwoofers with Configuration Jumpers • Enhanced "Punch" and Accurate Bass • High-Grade Strontium Ferrite Magnets • High-Amplitude Multi-Roll (H.A.M.R.) Surround for High Excursion • Mounting Depth: 116mm • Frequency Response: 25Hz-215Hz • Sensitivity: 85dB • Nominal Impedance: 4Ω + 4Ω for S2-W10D4 / 2Ω + 2Ω for S2-W10D2 • Power Handling: 600W RMS / 1800W Peak

S2-W8D4 / D2

S-Series 8" (20cm) Subwoofer

Carbon Fiber / Polypropylene Cone for Lightweight Construction with High Output and Low Distortion • Dual Voice Coil Subwoofers with Configuration Jumpers • Enhanced "Punch" and Accurate Bass • High-Grade Strontium Ferrite Magnets • High-Amplitude Multi-Roll (H.A.M.R.) Surround for High Excursion • Mounting Depth: 95mm • Frequency Response: 23Hz-215Hz • Sensitivity: 83dB • Nominal Impedance: 4Ω + 4Ω for S2-W8D4 / 2Ω + 2Ω for S2-W8D2 • Power Handling: 300W RMS / 900W Peak

SS-SB10

S-Series 10" (25cm) Shallow Subwoofer with Enclosure

S-Series Shallow Subwoofer • Rugged Polymer Sealed Enclosure • Adjustable, Foam-padded Mounting Brackets for Flexible Installation & Reduced Vibration • Dimensions: 470mm(W) x 114mm(H) x 318mm(D) • Frequency Response: 35Hz-200Hz • Nominal Impedance: 2Ω • Power Handling: 300W RMS

SXE CUSTOM-FIT SPEAKERS

Pictured: SXE-1750S

SXE-1006TW

3cm Component Tweeter Set

3cm Tweeter · Frequency Response: 4kHz - 20kHz · Sensitivity: 88dB · Power Handling: 45W RMS / 280W Peak · Nominal Impedance: 4Ω

SXE-2035S

20cm Coaxial 3-Way Speaker Set

20cm Mid-Bass + 2,8cm Mid + 1,6cm Tweeter · Frequency Response: 40Hz - 20kHz · Sensitivity: 90dB · Power Handling: 45W RMS / 280W Peak · Nominal Impedance: 4Ω

SXE-6925S

6x9" Coaxial 2-Way Speaker Set

6x9" (16 x 24cm) Mid-Bass + 2,5cm Tweeter · Frequency Response: 40Hz - 20kHz · Sensitivity: 98dB · Power Handling: 45W RMS / 280W Peak · Nominal Impedance: 4Ω

SXE-5725S

5x7" Coaxial 2-Way Speaker Set

5x7" (12,5 x 17,5cm) Mid-Bass + 2,5cm Tweeter · Frequency Response: 70Hz - 20kHz · Sensitivity: 95dB · Power Handling: 35W RMS / 200W Peak · Nominal Impedance: 4Ω

SXE-1325S

13cm Coaxial 2-Way Speaker Set

13cm Mid-Bass + 2,5cm Tweeter · Frequency Response: 70Hz - 20kHz · Sensitivity: 92dB · Power Handling: 35W RMS / 200W Peak · Nominal Impedance: 4Ω

SXE-1750S

16,5cm Component 2-Way Speaker Set

16,5cm Mid-Bass + 3cm Tweeter · Frequency Response: 60Hz - 20kHz · Sensitivity: 90dB · Power Handling: 45W RMS / 280W Peak · Nominal Impedance: 4Ω

SXE-1350S

13cm Component 2-Way Speaker Set

13cm Mid-Bass + 3cm Tweeter · Frequency Response: 60Hz - 20kHz · Sensitivity: 90dB · Power Handling: 40W RMS / 250W Peak · Nominal Impedance: 4Ω

SXE-1725S

16,5cm Coaxial 2-Way Speaker Set

16,5cm Mid-Bass + 2,5cm Tweeter · Frequency Response: 60Hz - 20kHz · Sensitivity: 92dB · Power Handling: 40W RMS / 220W Peak · Nominal Impedance: 4Ω

SXE-0825S

8,6cm Coaxial 2-Way Speaker Set

8,6cm Mid-Bass + 2,5cm Tweeter · Frequency Response: 120Hz - 16kHz · Sensitivity: 89dB · Power Handling: 20W RMS / 150W Peak · Nominal Impedance: 4Ω

SXE-4625S

4x6" Coaxial 2-Way Speaker Set

4x6" (10 x 15cm) Mid-Bass + 2,5cm Tweeter · Frequency Response: 90Hz - 20kHz · Sensitivity: 91dB · Power Handling: 20W RMS / 150W Peak · Nominal Impedance: 4Ω

SXE-1025S

10cm Coaxial 2-Way Speaker Set

10cm Mid-Bass + 2,5cm Tweeter · Frequency Response: 100Hz - 20kHz · Sensitivity: 90dB · Power Handling: 25W RMS / 180W Peak · Nominal Impedance: 4Ω

SUBWOOFER SYSTEMS

SWG-1244

Type-G 12" (30cm) Subwoofer

Double-Stacked Strontium Magnet · Heavy Gauge Steel Basket · Mounting Depth: 169mm · Frequency Response: 28Hz-1kHz · Sensitivity: 89,8dB · Nominal Impedance: 4Ω · Power Handling: 250W RMS / 800W Peak

SWG-1044

Type-G 10" (25cm) Subwoofer

Double-Stacked Strontium Magnet · Heavy Gauge Steel Basket · Mounting Depth: 139mm · Frequency Response: 30Hz-1kHz · Sensitivity: 88,4dB · Nominal Impedance: 4Ω · Power Handling: 150W RMS / 500W Peak

SWG-844

Type-G 8" (20cm) Subwoofer

Double-Stacked Strontium Magnet · Heavy Gauge Steel Basket · Mounting Depth: 114mm · Frequency Response: 34Hz-1,5kHz · Sensitivity: 87dB · Nominal Impedance: 4Ω · Power Handling: 120W RMS / 400W Peak

SWE-1244E

Type-E 12" (30cm) Subwoofer

Protective Grille · Mounting Depth: 131mm · Frequency Response: 30Hz-500Hz · Sensitivity: 88,7dB · Nominal Impedance: 4Ω · Power Handling: 200W RMS / 650W Peak

SWE-1044E

Type-E 10" (25cm) Subwoofer

Protective Grille · Mounting Depth: 116mm · Frequency Response: 33Hz-800Hz · Sensitivity: 87,1dB · Nominal Impedance: 4Ω · Power Handling: 150W RMS / 500W Peak

SBE-1244BR

Type-E 12" (30cm) Subwoofer with Enclosure

Sealed or Ported Enclosure (Port Plug Included) · Enclosure Measurements: 386mm (H) x 393mm (W) x 327 / 432mm (D) · Frequency Response: 30Hz-500Hz · Sensitivity: 88,7dB · Nominal Impedance: 4Ω · Power Handling: 200W RMS / 650W Peak

SBE-1044BR

Type-E 10" (25cm) Subwoofer with Enclosure

Measurements: 353mm (H) x 353mm (W) x 299 / 407mm (D) · Frequency Response: 33Hz-800Hz · Sensitivity: 87,1dB · Nominal Impedance: 4Ω · Power Handling: 150W RMS / 500W Peak

SWE-815

Type-E 8" (20cm) Amplified Subwoofer Box

Built-in 150W Amplifier · Sealed or Ported Enclosure (Port Plug Included) · Enclosure Measurements: 288mm (H) x 291mm (W) x 253 / 363mm (D) · Frequency Response: 34Hz-1,5kHz · Sensitivity: 91dB · Heavy Duty Subwoofer Grille

SUBWOOFER SYSTEMS

Pictured: SBG-1224BR

SBG-1244BR/ -1224BR

Type-G 12" (30cm) Subwoofer with Enclosure

Enclosure Measurements: 383mm (H) x 390mm (W) x 304 / 411mm (D) • Frequency Response: 28Hz-1kHz • Sensitivity: 89,8dB • Nominal Impedance: 4Ω for SBG-1244BR / 2Ω for SBG-1224BR • Power Handling: 250W RMS / 800W Peak

SBG-1044BR

Type-G 10" (25cm) Subwoofer with Enclosure

Enclosure Measurements: 350mm (H) x 360mm (W) x 285 / 395mm (D) • Frequency Response: 30Hz-1kHz • Sensitivity: 88,4dB • Nominal Impedance: 4Ω • Power Handling: 150W RMS / 500W Peak

SBG-844BR

Type-G 8" (20cm) Subwoofer with Enclosure

Enclosure Measurements: 275mm (H) x 283mm (W) x 215 / 325mm (D) • Frequency Response: 34Hz-1,5kHz • Sensitivity: 87dB • Nominal Impedance: 4Ω • Power Handling: 120W RMS / 400W Peak

SBG-1244BP/ -1224BP

Type-G 12" (30cm) Subwoofer with Band-Pass Enclosure

Band-Pass Enclosure with Blue Illuminated Window • Measurements: 473mm (H) x 380mm (W) x 314 / 414mm (D) • Frequency Response: 28Hz-1kHz • Sensitivity: 89,8dB • Nominal Impedance: 4Ω for SBG-1244BP / 2Ω for SBG-1224BP • Power Handling: 250W RMS / 800W Peak

BBX-F1200

BBX 4-Channel Amplifier

Alpine's Class A/B Amplifier Circuit • Built-in Variable Low-Pass / High-Pass Crossovers • Dimensions: 330mm (W) x 52mm (H) x 240mm (D) • Frequency Response: 5Hz - 50kHz • S/N Ratio: 95dB • RMS Power Output: 50W x 4 @ 4Ω • 70W x 4 @ 2Ω • Bridged Power: 130W x 2 @ 4Ω

BBX-T600

BBX 2-Channel Amplifier

Alpine's Class A/B Amplifier Circuit • Built-in Variable Low-Pass / High-Pass Crossovers • Dimensions: 250mm (W) x 52mm (H) x 240mm (D) • Frequency Response: 5Hz - 50kHz • S/N Ratio: 95dB • RMS Power Output: 50W x 2 @ 4Ω • 70W x 2 @ 2Ω • Bridged Power: 130W x 1 @ 4Ω

SUBWOOFER SYSTEMS

SWD-355

Type-E 12" (30cm) Amplified Subwoofer with Enclosure

12" SWE-1244E Subwoofer • 550W Max Mono Power Amplifier • Enclosure Measurements: 450mm (H) x 392mm (W) x 315 / 422mm (D) • Frequency Response: 30Hz-500Hz • Sensitivity: 88,7dB • Nominal Impedance: 4Ω • Power Handling: 150W RMS / 500W Peak

SBG-30KIT

Type-G 12" (30cm) Subwoofer / Amplifier Package

12" Type-G Subwoofer • 550W Max Mono Power Amplifier • Full Wiring Kit • Enclosure Measurements: 383mm (H) x 390mm (W) x 304 / 411mm (D) • Frequency Response: 30Hz-500Hz • Sensitivity: 88,7dB • Nominal Impedance: 4Ω • Power Handling: 150W RMS / 500W Peak

SWT-12S4

12" (30cm) Bass Reflex Subwoofer Tube

12" High-Performance Subwoofer • Enclosure Measurements: 324mm x 660mm (W) • Frequency Response: 28Hz-200Hz • Sensitivity: 92dB • Nominal Impedance: 4Ω • Power Handling: 300W RMS / 1000W Peak

PWD-X5

4.1 Channel Digital Sound Processor with Powered Subwoofer

All-In-One Sound Upgrade • Digital Sound Processor • Built-In Amplifier with 4x 50W + 1x 240W Peak Power • Built-In Subwoofer • Enclosure Measurements: 80mm (H) x 245mm (W) x 350mm (D) • Frequency Response: 20Hz-20kHz • 10-Band Parametric EQ • Companion Smartphone App Support • Bluetooth Audio Streaming • Wired remote Control

PWE-V80

8" (20cm) Powered Subwoofer Box

8" Subwoofer • Built-In 160W Mono Power Amplifier • Enclosure Measurements: 80mm (H) x 342mm (W) x 238 (D) • Frequency Response: 50Hz-100Hz • Sealed Type Enclosure • Wired Remote Control • Includes Power Cables

PWE-S8

8" (20cm) Powered Subwoofer Box

8" Subwoofer • Built-In 240W Mono Power Amplifier • Enclosure Measurements: 70mm (H) x 340mm (W) x 230 (D) • Frequency Response: 25Hz-152Hz • Sealed Type Enclosure • Wired Remote Control

DSP AMPLIFIERS

OPTIMIZE YOUR AUDIO

Get closer than ever to your favorite artists with the high-precision tuning power of Alpine's OPTIM 8 DSP amplifier.

PXE-C80-88 Hi-Res Audio **NEW**

Alpine OPTIM 8 8-Channel Hi-Res DSP Amplifier

8-Channel Hi-Res (96kHz/24Bit) Digital Sound Processor with Built-in Internal Amplifier · All-in-One Solution to Effortlessly Optimize and Amplify any Sound System in Minutes · Remove the Complexities of Sound Tuning with Simple, Self-Guided Auto-EQ Software via iOS App (iPhone / iPad) or PC App with External Mic Kit (sold separately) · Innovative Auto-EQ Software Analyzes your Vehicle's Interior Acoustic Environment and Intelligently Adjusts the Audio Output for the Best Possible Listening Experience · Anti-EQ for OEM Systems (Eliminates Factory EQ Curve) · Save Up to 6 Different Tuning Presets · 8-Channel High-Level / 6-Channel RCA Audio Signal / Bluetooth Audio Input · Outputs: 8-Channel 4V RCA · 31 Band Parametric & Graphic EQ, Time Correction on all 8 Channels · Digital Inputs: Coax, USB (DAC) · Speaker Input: Up to 30V · Built-in 8-Channel Amplifier: 35W x 6 @ 4Ω + 130W x 2 @ 4Ω or 70W x 6 @ 2Ω + 260W x 2 @ 2Ω · Dimensions: 221mm (W) x 54mm (H) x 225mm (D) · Compatible with the KTX-CSP1 PC Mic Tuning Kit (sold separately)

Amplifier with Automatic Sound Tuning

Tune your entire sound system in under five minutes with the innovative auto-tuning capabilities of the Alpine OPTIM8. The Alpine OPTIM8 removes all the complexities of tuning a sound system by providing a simple, self-guided process via the OPTIM iPhone App (iPhone/iPad) or PC Software. After the measurement, the PC Software's or OPTIM iPhone App's graphical tuning interface provides real-time results so that users can quickly and intuitively perfect their system's audio.

Alpine OPTIM8: A Fresh Approach to Car Audio Tuning

The groundbreaking Alpine OPTIM8 is the ultimate all-in-one solution designed to effortlessly optimize and amplify any sound system with remarkable precision. The powerful DSP amplifier features Eilex PRISM™ technology, which presents a fresh approach to perfecting car audio. It measures frequency response using the Acoustic Power Volume Density (APVD) method, simultaneously correcting time and phase alignment errors in speaker systems. The technology aims to ensure that the output sound is as close as possible to the original source, offering remarkable musicality and intelligibility. This happens automatically and takes the user no longer than 5 minutes.

KTX-CSP1 **NEW**

Measurement Microphone Kit

Precision Microphone with 3.5mm Headset Jack · AUX Cable · Compatible with PXE-C80-88

KWE-PXE8-UNI **NEW**

Quadlock Wiring Harness

Enables easy connection of the Alpine OPTIM 8 to vehicles with 52-pin Quadlock radio connector

KWE-FR1AU **NEW**

ISO Adapter Cable

Enables easy connection of the Alpine OPTIM 8 to vehicles with ISO radio connectors

PDP-E802DSP

8-Channel DSP Amplifier

Up to 8 speaker outputs with independent adjustable output level · High connection versatility and flexibility · Extensive sound tuning options · Class-D amplification · Alpine Remote Control App for smartphones · Start-Stop Engine compatible · 240-band Parametric EQ · 8-Channel Digital Time Correction · Wireless audio playback (WiFi) Full digital audio path · Total power 700 Watt RMS into 4Ω · 100 Watt per channel into 4Ω / 120 Watt per channel into 2Ω · 6-Channel analog input for highly flexible system integration · 110dB signal-to-noise ratio (digital input) · 1 digital TOSLINK/SPDIF input · Pre-amp output (for external subwoofer amp)

PREMIUM HEAD UNIT SYSTEMS

Upgrade your vehicle with an Alpine premium Head Unit or navigation system and enjoy audiophile sound quality and tuning options, Apple CarPlay & Android Auto, as well as wide media compatibility and vehicle system connectivity.

Alpine Halo Systems

iLX-F115D

Alpine Halo11 Digital Media Station

11-inch (28cm) Floating Style HD Touchscreen Display (Adjustable Height, Depth, and Viewing Angle) • Standard 1-DIN Chassis for Flexible Vehicle Application • HD Display (WXGA 1280 x 720px) • Compatible with Apple CarPlay (Wired & Wireless) • Compatible with Android Auto (Wired) • Built-in DAB+ Tuner • Bluetooth Hands-Free • Hi-Res Audio Playback (96kHz / 24bit) • Hi-Res music streaming with TIDAL • Navigation compatible with KTX-NS01EU Navi Stick • AUX Input • HDMI Input & Output • Direct Camera Inputs (x2) • USB Inputs (x2) • 6V Pre-Outs (x3) • Built-in Amplifier (4x 50 Watts) • 13-Band Parametric EQ per channel • 6-Channel Digital Time Correction • Vehicle Databus Interface Ready • GPS / Glonass Antenna Included

iLX-F905D

Alpine Halo9 Digital Media Station

9-inch (23cm) Floating Style HD Touchscreen Display (Adjustable Height, Depth, and Viewing Angle) • Standard 1-DIN Chassis for Flexible Vehicle Application • HD Display (WXGA 1280 x 720px) • Compatible with Apple CarPlay (Wired & Wireless) • Compatible with Android Auto (Wired) • Built-in DAB+ Tuner • Bluetooth Hands-Free • Hi-Res Audio Playback (96kHz / 24bit) • Hi-Res music streaming with TIDAL • Navigation compatible with KTX-NS01EU Navi Stick • AUX Input • HDMI Input & Output • Direct Camera Inputs (x2) • USB Inputs (x2) • 6V Pre-Outs (x3) • Built-in Amplifier (4x 50 Watts) • 13-Band Parametric EQ per channel • 6-Channel Digital Time Correction • Vehicle Databus Interface Ready • GPS / Glonass Antenna Included

KTX-NS01EU NEW

Alpine Navi Stick USB Navigation

USB navigation for iLX-F115D, iLX-F905D, iLX-705D / DM and i905D-F • iGo Primo nextgen navigation software • HERE map database for 50 European countries • 3 years free-of-charge map updates • Live traffic Information (3 years free) • WiFi module • Many destination search features • 3D maps with elevation display and 3D city mode • Drive lane suggestion • park4night database with over 120.000 campsites • Motorhome profiles • Voice guidance (29 languages) • Text-to-speech (13 languages) • Tunnel & highway modes • Advanced POI functions • Includes 10cm USB cable

KIT-HALO-G7 NEW

Halo Installation Kit for Golf 7

Enables installation of an Alpine Halo Head Unit in a VW Golf 7 • Includes CAN to UART Interface • Retains vehicle settings menu • Compatible with original parking sensor and camera systems • Supports VW steering wheel remote buttons

KAE-242DA DAB Antenna (Foil Type)

Self-adhesive foil type DAB antenna • Impedance 50Ω • 3.5m low-loss cable with angled SMB(f) plug • Dimensions: 40 x 170mm

KAE-HF11DA / KAE-HF9DA

Screen Protector for Alpine Halo

Direct-fit screen protector for Alpine Halo11 iLX-F115D (KAE-HF11DA) and Alpine Halo9 iLX-F905D (KAE-HF9DA) • Anti-fingerprint / anti-reflective film • Includes screen applicator tool, microfiber cloth, and dust removal sticker

KAE-232DA DAB Antenna (Bar Type)

Self-adhesive bar type DAB antenna • Impedance 50Ω • 5m low-loss cable with angled SMB(f) plug • Dimensions: 13 x 183mm

Advanced Navigation Systems

INE-F904D

Alpine Halo9 Navi Station

9-inch (23cm) Floating Style Touchscreen Display (WVGA 640 x 480px) • Standard 1-DIN Chassis for Flexible Vehicle Application • Compatible with Apple CarPlay (Wired) and Android Auto (Wired) • iGo Primo nextgen navigation • TomTom maps for 46 European countries • 3 years free-of-charge map update • Built-in DAB+ Tuner • Bluetooth Hands-Free • AUX Input • HDMI Input & Output • Direct Camera Input • USB Input • 4V Pre-Outs (x3) • Built-in Amplifier (4x 50 Watts) • 9 Band Parametric Dual EQ • 6-Channel Digital Time Correction • Vehicle Databus Interface Ready • GPS / Glonass Antenna Included

INE-W720D

7" Advanced Navi Station

7-inch (18cm) WVGA Touchscreen Display • 1-DIN Chassis (lower back position) for Flexible Vehicle Application • Compatible with Apple CarPlay (Wired) and Android Auto (Wired) • iGo Primo nextgen navigation • TomTom maps for 46 European countries • 3 years free-of-charge map update • Built-in DAB+ Tuner • Bluetooth Hands-Free • AUX Input • HDMI Input & Output • Direct Camera Input • USB Input • 4V Pre-Outs (x3) • Built-in Amplifier (4x 50 Watts) • 9 Band Parametric Dual EQ • 6-Channel Digital Time Correction • Vehicle Databus Interface Ready • GPS / Glonass Antenna Included

INE-W611D

6.5" Advanced Navi Station

6.5-inch (16,5cm) WVGA Touchscreen Display • Standard 2-DIN Chassis for Flexible Vehicle Application • Compatible with Apple CarPlay (Wired) and Android Auto (Wired) • iGo Primo nextgen navigation • TomTom maps for 46 European countries • 3 years free-of-charge map update • Built-in DAB+ Tuner • Built-in DVD / CD Drive • Bluetooth Hands-Free • AUX Input • HDMI Input • RCA Camera Inputs (x2) • USB Input • 4V Pre-Outs (x3) • Built-in Amplifier (4x 45 Watts) • 9-Band Parametric EQ per channel • 6-Channel Digital Time Correction • GPS / Glonass Antenna Included

RUE-4360

Remote Control

Compatible with all Remote Ready Alpine Head Units and Advanced Navi Stations

KTP-445A

Head Unit Power Pack

Plug-and-Play amplifier for Alpine Head Units • 4 x 45 Watts RMS • 4 x 100 Watts Max

KAE-F2GT5

GPS Antenna Adapter

FAKRA to GT5 GPS antenna adapter cable

KAE-F2GT21

GPS Antenna Adapter

FAKRA to GT21 GPS antenna adapter

Advanced Media Stations

iLX-705D / -705DM

7" Digital Media Station

7-inch (18cm) HD Touchscreen Display (WXGA 1280 x 720px) • 1-DIN Chassis (lower back position) for Flexible Vehicle Application • Compatible with Apple CarPlay (Wired & Wireless) • Compatible with Android Auto (Wired) • Built-in DAB+ Tuner • Bluetooth Hands-Free • Hi-Res Audio Playback (96kHz / 24bit) • Hi-Res music streaming with TIDAL • Navigation compatible with KTX-NS01EU Navi Stick • AUX Input • HDMI Input & Output • Direct Camera Inputs (x2) • USB Inputs (x2) • 6V Pre-Outs (x3) • Built-in Amplifier (4x 50 Watts) • 13-Band Parametric EQ per channel • 6-Channel Digital Time Correction • Vehicle Databus Interface Ready • GPS / Glonass Antenna Included • iLX-705DM: same features as iLX-705D but with 1-DIN Chassis (upper back position)

iLX-W690D

7" Digital Media Station

7-inch (18cm) WVGA Touchscreen Display • 2-DIN Chassis with only 60mm depth • Compatible with Apple CarPlay (Wired) • Compatible with Android Auto (Wired) • Built-in DAB+ Tuner • Bluetooth Hands-Free • FLAC Playback • Ready for amplifier power-stacking with KTA-450 or KTA-200M • RCA Camera Inputs (x2) • USB Input • 4V Pre-Outs (x3) • Digital X-Over • Built-in Amplifier (4x 50 Watts) • 10 EQ Pre-Sets • 6-Channel Digital Time Correction • Vehicle Databus Interface Ready (Low version)

iLX-W650BT

7" Digital Media Station (non DAB)

7-inch (18cm) WVGA Touchscreen Display • 2-DIN Chassis (60mm depth) • Compatible with Apple CarPlay (Wired) • Compatible with Android Auto (Wired) • Bluetooth Hands-Free • FLAC Playback • Ready for amplifier power-stacking with KTA-450 or KTA-200M • RCA Camera Inputs (x2) • USB Input • 4V Pre-Outs (x3) • Digital X-Over • Built-in Amplifier (4x 50 Watts) • 6-Channel Digital Time Correction • Only available in select European countries

KTA-200M

Power-Stacking Mono Amplifier

Power-Stack Capable with iLX-W690D & iLX-W650BT • Alpine's Class-D Amplifier Circuit with Exclusive Dynamic Peak Power Technology (DPP) • Dimensions: 89mm (W) x 38mm (H) x 178 (D) • S/N Ratio: >85dB • 200W RMS x 1 @ 4Ω • 200W RMS x 1 @ 2Ω • 400W DPP x 1 @ 4Ω

KTA-450

Power-Stacking 4-Channel Amplifier

Power-Stack Capable with iLX-W690D & iLX-W650BT • Alpine's Class-D Amplifier Circuit with Exclusive Dynamic Peak Power Technology (DPP) • Dimensions: 89mm (W) x 36mm (H) x 178 (D) • S/N Ratio: >85dB • 50W RMS x 4 @ 2Ω/4Ω • 100W DPP x 4 @ 2Ω/4Ω • 100W RMS x 2 (Bridged into 4Ω) • 200W DPP x 2

Freestyle / 1-DIN Headunits

i905D-F 9" Freestyle Media System

9-inch (23cm) HD Touchscreen Display (WXGA 1280 x 720px) for universal custom installation • External 1-DIN black-box • Separate key panels • Compatible with Apple CarPlay (Wired & Wireless) • Compatible with Android Auto (Wired) • Built-in DAB+ Tuner • Bluetooth Hands-Free • Hi-Res Audio Playback (96kHz / 24bit) • Hi-Res music streaming with TIDAL • Navigation compatible with KTX-NS01EU Navi Stick • AUX Input • HDMI Input & Output • Direct Camera Inputs (x2) • USB Inputs (x2) • 6V Pre-Outs (x3) • Built-in Amplifier (4x 50 Watts) • 13-Band Parametric EQ per channel • 6-Channel Digital Time Correction • Vehicle Databus Interface Ready • GPS / Glonass Antenna Included

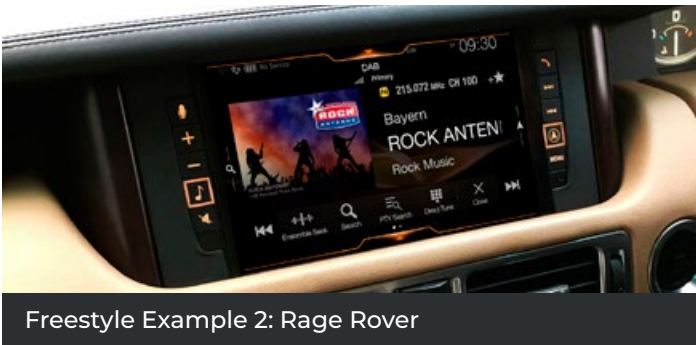

UTE-204DAB Digital Media Receiver With DAB+

Mech-less DAB+/AM/FM Tuner • 1-DIN Chassis • 1-line, High Contrast LCD Display with RGB Illumination • Bluetooth Hands-Free • Made for iPod and iPhone • KTP-445A Power Pack Amplifier Ready (sold separately) • Front USB Port with 1000mA • Front AUX Port • 2V PreOuts (x3) • Built-in Amplifier (4x 50 Watts) • 3-Band Parametric EQ • High Pass / Low Pass Crossover • Bass Engine SQ • Audio Playback via USB: AAC, FLAC, MP3, WMA

Freestyle Example 1: Fiat 500 Abarth

Freestyle Example 2: Range Rover

Freestyle Example 3: Volkswagen Up

UTE-200BT Digital Media Receiver Bluetooth (non DAB)

Mech-less AM/FM Tuner • 1-DIN Chassis • 1-line, High Contrast LCD Display with RGB Illumination • Bluetooth Hands-Free • Made for iPod and iPhone • KTP-445A Power Pack Amplifier Ready (sold separately) • Front USB Port with 1000mA • Front AUX Port • 2V PreOuts (x2) • Built-in Amplifier (4x 50 Watts) • 3-Band Parametric EQ • High Pass / Low Pass Crossover • Bass Engine SQ • Audio Playback via USB: AAC, FLAC, MP3, WMA

Note: this product has no DAB radio tuner and is only available in select European countries

BMW / Audi Systems

iLX-705E46 7" Digital Media Station For BMW E46

7-inch (18cm) HD Touchscreen Display (WXGA 1280 x 720px) • Includes full installation kit for BMW E46 (model year 1998 – 2007) with original BMW navigation radio Navigation Business • Compatible with Apple CarPlay (Wired & Wireless) • Compatible with Android Auto (Wired) • Built-in DAB+ Tuner • Bluetooth Hands-Free • Hi-Res Audio Playback (96kHz / 24bit) • Hi-Res music streaming with TIDAL • Navigation compatible with KTX-NS01EU Navi Stick • AUX Input • HDMI Input & Output • Direct Camera Inputs (x2) • USB Inputs (x2) • 6V PreOuts (x3) • Built-in Amplifier (4x 50 Watts) • 13-Band Parametric EQ per channel • 6-Channel Digital Time Correction • Vehicle Databus Interface Ready • GPS / Glonass Antenna Included

X703D-A 7" Advanced Navi Station for Audi Q5 / A5 / A4

7-inch (18cm) WVGA Touchscreen Display • Designed for Audi Q5 (2009 – 2016), A5 (2007 – 2016) and A4 (2007 – 2015) • Compatible with vehicles featuring original Audi Chorus, Concert and Symphony audio systems • Compatible with Apple CarPlay (Wired) and Android Auto (Wired) • iGo Primo nextgen navigation • TomTom maps for 48 European countries • 3 years free-of-charge map update • Built-in DAB+ Tuner • Bluetooth Hands-Free • AUX Input • HDMI Input & Output • Camera Input • USB Input • 4V PreOuts (x3) • Built-in Amplifier (4x 50 Watts) • 13-Band Parametric EQ per channel • 6-Channel Digital Time Correction • Vehicle Databus Interface Ready • GPS Antenna Included • Requires additional installation kit as shown below depending on vehicle

KWE-E46EXT Wiring Harness for BMW E46

For installation of iLX-705E46 in BMW E46 vehicles with original radio black-box installation location in the trunk • Includes all required cables for installation • Cable length: 5m

G-KTX-A4L Monitor Frame For Audi A4 / A5

Monitor frame for X703D-A • Compatible with Audi A4 (model year 2007 – 2015) and Audi A5 (model year 2007 – 2016) left hand drive

G-KTX-Q5L Monitor Frame For Audi Q5

Monitor frame for X703D-A • Compatible with Audi Q5 (model year 2009 – 2016) left hand drive

G-KTX-A4R Monitor Frame For Audi A4 / A5

Monitor frame for X703D-A • Compatible with Audi A4 (model year 2007 – 2015) and Audi A5 (model year 2007 – 2016) right hand drive • Only available in the UK and South Africa

DASH CAMS

DVR-F790 Connected Dash Cam

2-Channel 1080p Full-HD Recording · Super Night Vision 3.0 · Dash Dock quick detachment function · CMOS 2.1M 30fps HDR · 140-degree Field of View · Impact-Triggered Recording (Moving, Stationary, or Parked) · Advanced Parking Surveillance up to 420 hours · Front Collision Warning · Lane Departure Warning · Speed Camera Warning · Cloud storage · Built-in Wi-Fi · Built-in GPS · Works with smartphone app · PC Viewer Ready · Included 32GB MicroSD Card · Can be expanded to 4-channel surveillance system with RVX-100

DVR-F790 Connected Dash Cam

Please see page 30 for detailed features of the DVR-F790

RVC-R790 Interior Rear Camera

Compatible with DVR-F790 and DVR-F220 · 1080p Full-HD video recording · 7.5m cable included · CMOS 2.1M 30fps · 140-degree Field of View

RVC-I790IR Interior Infra-red Camera

Compatible with DVR-F790 and DVR-F220 · 1080p Full-HD video recording with Infra-red lights for recoding in darkness · 50cm cable included · CMOS 2.1M 30fps · 160-degree Field of View

RVC-E790IR Exterior Infra-red Camera

Compatible with DVR-F790 · 1080p Full-HD video recording with Infra-red lights for recoding in darkness · 2m + 20m cable included · 2.1M 30fps · 126-degree Field of View · Water and dust proof IP68-rated

RVC-S790 Exterior Side Camera

Compatible with DVR-F790 · 1080p Full-HD video recording · 1.5m + 3m cable included · 2.1M 30fps · 129-degree Field of View · Water and dust proof IP68-rated

RVX-100 Camera Extension Hub

Compatible with DVR-F790 · Enables connection of up to 4 cameras to your DVR-F790

DVR-Q1000 NEW Connected Dash Cam

2-Channel 2k QHD (2560 x 1440) Recording · Super Night Vision 3.0 · STARVIS 5.14MP · 156-degree Field of View · Impact-Triggered Recording (Moving, Stationary, or Parked) · Advanced Parking Surveillance up to 420 hours · Front Collision Warning · Lane Departure Warning · Speed Camera Warning · Cloud storage · Built-in Wi-Fi · Built-in GPS · Works with smartphone app · PC Viewer Ready · Included 32GB MicroSD Card

RVC-R1000 NEW Interior Rear Camera

Compatible with DVR-Q1000 · 2k QHD (2560 x 1440) 30fps Recording · STARVIS 5.14MP · 156-degree Field of View

DVR-F220 NEW Advanced Dash Cam

2-Channel 1080p Full-HD Recording · Super Night Vision · 140 degree Field of View · Impact-Triggered Recording (Moving, Stationary, or Parked) · Advanced Parking Surveillance up to 420 hours · Front Collision Warning · Lane Departure Warning · Speed Camera Warning · Built-in Wi-Fi · Built-in GPS · Works with smartphone app · PC Viewer Ready · Included 32GB MicroSD Card

ALPINE MOTORHOME SOLUTIONS

Alpine offers a wide range of universal and vehicle specific navigation, sound and drive assist products for motorhomes and camper vans.

ALPINE MOTORHOME NAVIGATION

Alpine motorhome navigation systems are specifically designed to be used in motorhomes and camper vans and have many additional features and functions compared to regular car navigations to support you on your vacation trips:

- Pre-Installed TomTom maps for 48 European countries and over 100.000 POIs
- 3 years free-of-charge map updates (unlimited number of free updates possible within 3 years)
- World-wide maps can be additionally purchased and installed (including maps of USA, Africa, etc)
- GPS and Glonass compatibility for highest positioning accuracy and fast position finding
- Easy to use iGo Primo nextgen user interface with split-screen view (audio & navigation)

Motorhome Profiles

Chose between 3 pre-set motorhome sizes (S/M/L)

- Create your own profile with input of vehicle length, width, height and weight
- The system will only propose routes that match your vehicle criteria
- International speed limit indications based on your motorhome weight

Park4Night Database

Alpine motorhome navi systems come pre-installed with the amazing park4night campsite database that can be used offline right on your Alpine display.

- Over 120.000 Camper POIs with easy-to-understand icons for services offered at each campsite
- Search by country, category, region, along the route or at your final destination
- 1 to 5 star user ratings are displayed for each camp-site to make selecting the right place easier

Preflight Check

Alpine's Preflight Check is a simple and safe way to remind you before driving to ensure that for example all doors and windows are closed and secured, the gas valve is closed, levelling wedges under the vehicle are removed, so you can safely start your journey.

- Select from pre-defined items to exactly match your vehicle's equipment
- Always shows on the navigation screen before driving start as reminder
- Available in 7 languages
- many campsite POIs include photos that can be viewed right on your Alpine screen

Universal Motorhome Navigation

ROUTE EXAMPLE: TOURING FRANCE

Brittany Road Trip by Campervan and Motorhome

The pink cliffs of the Côtes d'Armor, the turquoise waters of the Finistère beaches and the beautiful bays of the Côte d'Émeraude (Emerald Coast) are just some of the reasons why it is worth discovering the region of galettes and sailor shirts. Lovers of seafood, a fresh sea breeze and charming coastal villages will quickly see why Brittany is one of the most popular regions for caravanning.

Our route starts on the south coast of Brittany and heads to the north coast, where we treat ourselves to a final detour into Normandy to the famous Mont Saint-Michel.

Depending on the direction from which you are arriving with your motorhome, or if you are arriving by plane and renting a camper, you can, of course, also take the tour in the opposite direction and explore the capital of Brittany, Rennes, with its medieval half-timbered houses and magnificent cathedral beforehand.

There are many advantages to doing this route in a motorhome. Keep reading as we will point out the best campsites, overnight areas, places of interest, and some travel tips to keep in mind.
